Advertising Opportunity in Southeast Construction Magazine's Second Annual USGBC Carolinas Chapters Supplement

Dear Chapter Members,

I am pleased that once again our associations, the USGBC Charlotte Region Chapter, USGBC NC Triangle Chapter, and the USGBC Piedmont Triad Chapter will be featured in our second special magazine supplement published by the industry-recognized *Southeast Construction* magazine. In this issue, our supplement will coincide with Southeast Construction's features: Top Specialty Contractor Rankings, Technology and Highway Construction making this issue a must-read for their thousands of readers and adding key exposure to our chapters.

2010 and forward will be years of growth and rebuilding in our industry. Placing your message in the forefront of those who will need your products and services is more important than ever. With new projects going up, competition is fierce. So why not position your firm in front of the key decision makers in the region while showcasing your strong connection to the USGBC Charlotte Region Chapter, NC Triangle Chapter of USGBC and the USGBC Piedmont Triad Chapter and our many accomplishments?

As a valued USGBC Charlotte Region Chapter, USGBC NC Triangle Chapter and the USGBC Piedmont Triad Chapter member, I would like for you to consider supporting our profile with an ad that reflects our strong connection. Without your skill and spirit of collaboration, Our U.S. Green Building Council would not be the success and strong leader we have become today. And, because Southeast Construction is so ever-present in the SE's construction industry, your advertising message is going directly to the prospects you most want to reach in the construction marketplace.

Please take the time to review the attached materials, and how you can be part of the USGBC Charlotte Region Chapter, USGBC NC Triangle Chapter and the USGBC Piedmont Triad Chapter profile. **Space reservation deadline is August 2, 2010.** To be a part of this great opportunity, please contact Dawn Martin with Southeast Construction magazine at 954-267-9241 or [complete this pdf](#) and fax to Dawn at 954-206-0286.

Warmest regards,

Sara O'Mara
Chair
USGBC Charlotte Region Chapter

Bae-Won Koh
Chair
USGBC NC Triangle Chapter

Greg Savage

AUGUST PROGRAM

Is the Grass Greener: Why is the UK 10 years ahead of the USA

Please join us for our August membership program where we will learn about the UK's green building culture and the supporting legislation that has put the movement 10 years ahead of the USA. The topic will be explored through case studies, and will prompt the audience to consider strategies that might help the USA catch up.

Presented by: Elena Michael, Msc
Second Eden Studio
